## EXPERIENCE

**fresh graduated** *cairo university*, Cairo, Egypt

- I studied at the Faculty of Science, Cairo University, Computer Department, and I have experience in multiple programming languages

such as java c++ python, and I was trained to deal with data science in the R language from the faculty as well.

## EDUCATION

2023

**Bachelor's degree Computer Science**  
*cairo university*, Cairo

I studied many sports and programming subjects, and we also worked in Teams, and projects were made by our own efforts without the help of teaching assistants, and we had to study programming languages

in record time, and then work on projects with them
